I have read my mobile home park lease regarding the intended sale of my home. I understand and will abide by the requirements for selling my mobile home as stated in my Mobile Home Park Lease Agreement. I understand that the potential buyer must submit an application and receive written approval prior to the closing. I also understand my lot rent account needs to be at zero at closing and any water bills must be paid in full if water is not included in the rent. (SOS invoices). Failure to pay the water bill will result in charging it off to the security deposit on my account.
